

# TruPacta

95% Time Reduction

**stands for True All in Agreement**

TruPacta is an application dedicated to Vendor Performance Management. With a core focus on vendor contracts, the platform excels in overseeing obligations, tracking expenses, and nurturing relationships efficiently.

Clients partnering with TruPacta can expect savings ranging from 10-15% on their annual vendor expense. Additionally, the platform ensures thorough compliance from all vendors within a significantly shorter timeframe compared to conventional methods.

## How it works

By leveraging our Machine Learning engine, users can extract valuable insights to reduce vendor expense or improve vendor utility. Invoice discrepancy, SLA breach, and Vendor Substitute are the big three insights. Presently, we deliver notifications on 9 distinct insights. The application enables users to promptly act on these insights with the assistance of our AI agent, facilitating seamless communication to expedite appropriate resolutions.

15% Annual Reduction
